

Morrisons Manufacturing Lowlands Nursery

Level 2 Horticulture Apprentice

Supporting the day-to-day operation by plant propagation and plant growth activities. Work is generally based outside and undertaken throughout the year, so our apprentices will frequently work outside in all weathers. This is 'hands-on' role covers a wide range of practical tasks, with specialist skills being learnt through progression.

At Morrisons our apprenticeships offer you the chance to find out what life is like inside a business that's leading the way when it comes to feeding the nation. Not to mention earning cash while you learn and study towards a qualification. Having recently left school you'll develop your skills and career at the heart of the action. You'll enjoy lots of training and support and the opportunity to impact on the success of a leading business.

This apprentice role based at Lowlands Nursery in Spalding and it is the beginning of a prosperous career within Morrisons and Horticulture, with on site training and studying with Derby College you'll be working to the Horticulture or Landscape Operative Level 2 Apprenticeship Standard. Throughout you'll be provided with a foundation in a broad range of skills required to work competently within the horticulture industry.

You will be taught practical skills and theoretical background knowledge at College and will be expected to practise and develop these skills in at the nursery.

In return you'll get competitive pay rates, up to 6 weeks holiday (including bank holidays) and many benefits including a discount card for you and 2 more for friends or family members giving you 15% off your shopping in Morrisons. We also offer company share options, Retirement Saver, Free Life Assurance and much more.
