## WORKING FOR YOU

### WE ARE CURRENTLY...

Out and about in the Local Community, actively seeking both Candidates and Clients, so that we can deliver a more personal service to our Residents, if you see us - Come and say Hello!

## YOU'RE NOT JUST A NUMBER

At Chambers Recruitment we value each of our Candidates, and we take time and care to ensure we are seeking the right work and positions for you. You're not just a statistic here, you're a huge part of our Business!

## Who Are We?

We are a family-owned Business located in the heart of Gainsborough. Throughout the Pandemic we too have struggled with being seen and heard in the current climate. With applications for any single position at an all time high we can assure you that your application will be treated with the care and time it deserves to allow us to assess your suitability. The great thing about being in Recruitment, is that 100% of our time is spent working on our Candidates and Clients, no one will be overlooked here.

It can be daunting looking for New Employment, you may not have your CV perfected, you might not have one at all, you may have been in your current position for 20 years and feel you need a change of path. That is what we are here for and why we do what we do, we believe you can achieve anything, and to be a part of that gives us great pleasure.

We will soon be offering CV Workshops - But we also understand that it may be daunting attending these. Because of this we will also be offering 1-2-1 coaching, in a setting of your choice - To help you to get the most from your Curriculum Vitae and get the attention you deserve on your applications!
